HECR 210-1-1

Humphreys Engineer Center Regulation
No. 210-1-1

17 April 2000

Installations
REPAIR OF PRIVATELY OWNED VEHICLES (POV)
ON THE HUMPHREYS ENGINEER CENTER (HEC)

1. Purpose. This regulation provides policy and direction concerning repair of POV on the HEC.
2. Applicability. This regulation applies to all government employees, tenants, and government contractor employees on the HEC.
3. Distribution Statement. Approved for public release; distribution is unlimited.
4. Reference. ER 56-2-1, 15 January 1999.
5. Policy.

a. Privately owned vehicle, vehicle units, parts, accessories, and equipment shall not be repaired or stored in any government structure or hard surfaced areas on the HEC except for emergency repair.

b. Emergency repairs are those which can be performed in less than 1 hour and which are necessary in order to safely move the vehicle off the installation. Examples are the replacement of flat tires, installation of headlight/taillight bulbs, "jump starts," and the replacement of fan belts. If the repair will take more than 1 hour, the vehicle must be moved off the installation.

c. Assistance in emergency situations may be obtained from the motor pool, at the discretion of the motor pool

This regulation supersedes HECSA Policy Statement #2, dtd 18 Mar 98.
